

EVENTS

Once a year, the Center and its sponsors produce the most thought provoking and highly anticipated leadership retreat for our nation's top state and local government IT influencers. This is the only event where we hand select the doers, dreamers and drivers of the digital revolution. They're brought together for a two day gathering to enjoy interesting people, stimulating discussions and interaction with thought leaders from many disciplines.

The Industry Summit is an event specifically designed for state and local IT companies. Each year, the event kicks off with golf and an industry specific awards dinner followed by a day of inspirational and trend-focused speakers, market briefings and update on

best-practices for all attendees.

Among the companies attending will be top technology integrators from the state and local markets, top VAR management, as well as top regional and boutique integrators from across the U.S. This is a tremendous opportunity to network with senior management, build partnerships with key industry insiders and learn about the latest industry trends.

Over \$94 billion will be spent in 2009 for state and local IT spending. Beyond the Beltway is your opportunity to network with the leading CIOs from around the nation who make these spending decisions. Take advantage of this opportunity to secure key relationships with industry leaders and define opportunities and

emerging trends in today's IT market.

Each year, the stars of the digital government community walk the red carpet of the Digital Government Achievement Awards. Nominees include, CIOs, CTOs, Directors of IT and Finance, Web Masters and more. The event kicks off with a day of exciting and interactive workshops followed by a gala awards dinner in conjunction with the presentation of the Digital Government Achievement and Best of the Web Awards. There is no other event that will bring together this unique group of decision makers with such valuable networking opportunities, set against a backdrop of glitz and glamour.

LEARN MORE ABOUT THE BENEFITS OF EVENT SPONSORSHIP TODAY. CALL 1.800.598.1379 OR VISIT US AT WWW.CENTERDIGITALGOV.COM/INDUSTRY.

"RE:PUBLIC IS PROOF OF THE CENTER'S REACH AND STANDING IN THE GOVERNMENT MARKET. NO ONE ELSE CAN FILL A ROOM WITH SO MANY TOP GOVERNMENT IT LEADERS AND SEAMLESSLY FACILITATE A MORE SYMBIOTIC INTERACTION ON HOW TO TRANSFORM GOVERNMENT."
